

DON'T FORGET
NATIONAL TEACH
CHILDREN TO SAVE DAY,
APRIL 21, 2009
WITH ONE OF THESE TWO
BOOKS.

Long time banker, Ed Douglas, retired Chairman and CEO and a certified financial planner, has written a new book specifically for bankers and their customers. The book is entitled,
***The Money Marathon:
7 Simple Steps to Financial Freedom.***

Here is the dedication to bankers at the opening of the book.

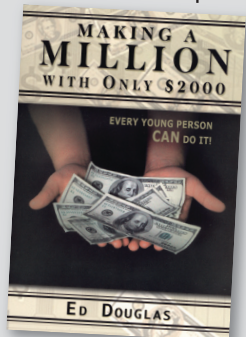

Dedication to Bankers

As a banker of nearly thirty-four years, I know the importance of bankers to their customers and to their communities. I would like to dedicate this book to bankers across the country who work every day to help their customers improve their financial conditions. Your banker can serve as a trusted advisor to help and guide you along this path to financial freedom.

Ed Douglas worked 32 years at Citizens Bancshares, a one billion dollar bank holding company. The last 20 years he served as President and then Chairman and CEO. Ed is a Certified Financial

Planner/Consultant and the author of ***Making a Million with Only \$2000-Every Young Person Can Do It*** in its second printing. This book is about the importance of saving early in

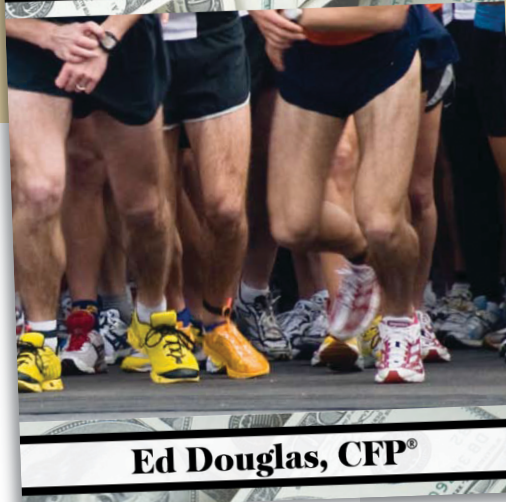

life and the power of compound interest and is widely used by bankers for National Teach Children to Save Day in April of each year.
